

Meet the Polanco's

We are Glenn and Nancy Polanco. We have been married for 13 years and have been a couple for 17 years. We always wanted children and have tried to have children biologically for the past ten years. In 2010, we made the decision that adoption would allow our dream of becoming parents and having a family a reality. We truly admire the difficult and courageous decision you will be making in considering an adoption plan.

No matter what choices you make, we want you to know that we wish you comfort, strength and support on your journey.

**Warmest Wishes,
*Glenn and Nancy Polanco***
